Educator's Quick Start Guide

An example use of using MY HERO's editorial tools in the classroom

Please note that to ensure a safe and secure teacher environment, there is a short approval process that will take 24-48 hours before you can use all of our Teacher Tools.

Use our digital story telling tools in the classroom to promote media literacy, critical thinking, and cross cultural understanding. Teachers and students are invited to share original multimedia on our global story-telling platform. Check out the MY HERO teachers room for lesson plans and tutorials. Explore the possibilities and learn from other educators around the world on how to enrich your curriculum with our tools.

1. Register for an Educator Account at myhero.com/register

Registering for an educator account provides you with access to our Digital Story Telling tools as well as the MY HERO Organizer tool, Special Classroom administrative roles to access and review your students' work prior to publishing media online on MY HERO.

2. Create a "Class Code" at myhero.com/user/profile

Classcodes will help you group your students' work online on MY HERO together in a published directory. You will need to request a Class Code before your students register and begin this project. Year after year, you can create multiple Class Codes for many different classes and simultaneously have several different class codes for different class periods.

3. Provide students with your "Class Code" and ask them to Register for a MY HERO Student Account

Class Codes help students register easily. Students who register will need to enter their name, Class Code, and pick a unique user-name and password. Each student should register for their own MY HERO account.

4. Have your students create MY HERO webpages

Using our digital story telling toolkit, students can publish webpages sharing art, stories, films, music that celebrate their heroes within their community and their world. The MY HERO account remains with the student year after year and can help them build a digital portolio of inspiration that they can share with their classmates, their family, and their friends.

5. Bring all your pages together with an Organizer page

Creating an Organizer page will allow you to gather and display all your classes' work on MY HERO into a unique directory page. You can create a classroom page of all your students work and also create theme pages of other MY HERO multimedia to explore environmental heroes, peace heroes, community heroes, and more. You can create classroom pages or thematic pages using the MY HERO organizer tool.
